JR opened discussion on the challenges of electing new officers when many squadrons were not meeting in person. It was decided that squadrons should handle their elections through whatever technology they have available (email,

conference call, webinar etc.) Installations would begin when the travel and meeting restrictions were lifted. SAL Advisor PDC David Woodward suggested the Department had the same issue and he would try and get us some guidance from them and discuss that with Judge Advocate JW.

10. Other Business:

BB was looking for more golf tickets, N. Area Commander Brian Massey (BM) has some and they will work out an exchange.
